

About Cazoo

Cazoo is the UK automotive marketplace reshaping how dealers and buyers connect, built on trust, real value and true partnership with the trade. With more than 300,000 listings, the platform pairs a high-quality consumer search experience with a fairer, more sustainable commercial model for dealers, designed to deliver consistent demand and support long-term growth.

Drawing on more than 20 years of marketplace expertise developed through the Motors business, Cazoo was transformed into a marketplace following the acquisition of the brand in June 2024 by Motors.co.uk Limited.

In May 2026 Motors was rebranded as Cazoo, positioning itself as a credible alternative marketplace for buyers and dealers.

Cazoo is owned by O3 Industries and Novum Capital. For more information, visit <https://dealer.cazoo.co.uk>
